CALL FOR PAPERS

SCOPE

The I3E 2009 conference is the ninth IFIP conference on e-Business, e-Services, and e-Society sponsored by IFIP WG 6.11 in cooperation with TC11 and TC8. It will be hosted in Nancy, France.

It provides a forum for users, engineers, and scientists in academia, industry, and government to present their latest findings in e-business, e-services, and e-society applications and the underlying technology to support those applications. The conference will host keynotes as well as regular paper sessions comprising research track and industrial and administration track. Areas of particular interest for the regular paper sessions include but are not limited to:

e-Business

• Innovative e-Business models	• Trust, privacy and security
• Inter-organizational systems	• Enterprise application integration
• Business process integration	• e-Negotiations, auctioning and contracting
• Business process re-engineering	• Supply, demand, and value chains
• e-Marketplaces, e-Hubs and portals	• e-Commerce content management
• Digital goods and products	• Dynamic pricing models
• User behavior modeling	• Mobile business

e-Services

• Service-oriented computing	• Trust, privacy and security
• Web services	• P2P co-operation models
• Semantic web services	• Ubiquitous, mobile and pervasive services
• Service composition	• Agent-oriented e-Services
• Service orchestration	• Service mashup
• SaaS	• Web 2.0 applications
• Service componentization	• Inter-organizational services

e-Society

• e-Government (e.g. G2G, G2B, and G2C)	• Trust, privacy and security
• Digital cities and regions	• Multimedia and multilinguism
• e-Democracy and e-Governance	• Digital culture and digital divide
• e-Health and e-Education	• Mobile public services
• Disaster monitoring and prevention system	• Legal, societal and cultural issues
• Public e-Services for citizens and enterprises	• Public-private partnerships
• One-stop government – service integration	• International dimension of e-Gov.

INFORMATION FOR AUTHORS

Submission of Papers

For the research track, submissions should describe original, research work not submitted or published elsewhere. For the industrial and administration track, submissions should describe innovative products or good practices. The proceedings of the conference will be published by Springer within the IFIP book series and indexed by DBLP. The papers should be no longer than 16 pages according to the template available at: http://www.wkap.nl/subjects/single_column_proceedings_vol. An author who needs help with the templates should contact AuthorSupport@springer-sbm.com. The name, mailing address, telephone and fax numbers, and e-mail address of the contact author have to be identified. One of the authors of each paper must register and present the paper at the conference. Extended versions of selected papers will be published in the International Journal of e-adoption (<http://www.igi-global.com/journals/details.asp?id=7767>) and the Advances in Enterprise Systems e-journal (<http://www.aes-journal.com/homepage/aes/aeshp.nsf?Open>).

ADDRESS FOR SUBMISSIONS

Authors are requested to submit their manuscripts electronically as a PDF file by following the link and instructions at the conference home page: <http://i3e2009.loria.fr/>
